

CSIP Steering Committee Minutes

Context: Pattonville updates its strategic plan every five years. This plan, known as the Comprehensive School Improvement Plan (or CSIP), is focused on improving student achievement for all students; involving parents, students, staff and community members in the decision-making process for their schools; and addressing critical issues such as finances and facilities. During the 2008-2009 school year, committees of parents, students, staff, administrators and community members are working together to update the district's plan; this plan will go to the Board of Education for approval and will guide the district's work on behalf of students for the next five years.
