Pattonville offers community education, fall tours

Brochures and registration forms are now available for Pattonville's community education classes for both adults and children. New adult classes include *Beginning Guitar*, *Digital Camera Photography*, and *Don't Be A Victim*. Children's classes include *Chess*, *Spanish*, *Baton*, and after-school classes titled *Mad Science* and *Young Rembrandts*.

Several tours are being offered this semester: Historic New Harmony; Frank Lloyd Wright - Route 66...Springfield; Laura Ingalls Wilder's Home and More; and Holiday House Tour in Old Town Alton. The holiday tour is full, but names are being taken for a possible second trip. You can register for these tours or any of the other community education classes by calling (314) 213-8094.

A Pattonville community education brochure was mailed to all Pattonville residents in August. It is also available at the Pattonville Learning Center or by calling the community education office at (314) 213-8094. A copy of the brochure and registration information, in PDF format, can be downloaded from Pattonville's web page at www.psdr3.org. Click on the "Programs and Services" section, then "Community Education."
