## **Willow Brook raises \$4,000 for diabetes research**

Students, parents and staff at Willow Brook Elementary School in the Pattonville School District recently raised more than \$4,000 for diabetes research. The school held a walk to raise the funds for the American Diabetes Association.

“Each class walked for 20 minutes,” said School Nurse Carol Graeser. “Every child participated in the walk. We also added, for fun, crazy outfits and hair days.”
