Bridgeway K-Kids raise funds for relief efforts

The K-Kids Club of Bridgeway Elementary School in the Pattonville School District recently raised nearly \$1,700 from staff, fellow classmates and family members to support relief efforts for Hurricane Katrina survivors.

K-Kids donated the funds to Kiwanis International, its sponsoring organization, to help support relief efforts for children in the affected regions.

The school's Recycling Crew student group is also currently holding a paper drive and will donate all proceeds from these recycling efforts to the American Red Cross.
