## **Pattonville School District creates new hotline for 55+ Club members**

The Pattonville School District has created a hotline for members of its 55+ Club so they can be informed about upcoming district events. The hotline will have a prerecorded message and inform patrons of what they can do in case they have not received the information via mail. The new phone number is (314) 213-8855.

The 55+ Club enables Pattonville's senior residents to enjoy school athletic events, plays and musicals free of charge. Members are issued a 55+ card that provides free access to school-sponsored activities. You must be a district resident to be a member. If you are not a member and would like to join, please call the community relations office at (314) 213-8025.
