

Are your students learning to use iMovie this year?

Do you need an assignment for them to work on?

Tie CHARACTER*plus* Character Traits in with technology by entering student movies in the annual Show-Me a Movie competition.

Show-Me a Movie is a digital storytelling contest sponsored by CSD for Missouri students to demonstrate their creativity and digital moviemaking skills. Based on curriculum and with a content focus, the videos will showcase what students know, care about, and are able to do. Movies that are no longer than 2 minutes may be submitted in three categories: grades 3-5, 6-8, and 9-12.

CHARACTER*plus* of Pattonville is encouraging our teachers to get students involved in this contest.

Visit www2.csd.org/showmemovie/index.htm for more information. Be sure to contact Jennifer Dedert via district email if your students enter this contest.
